

2017 – 2018 North Carolina Pre-Kindergarten (NC Pre-K) Child Application Information

What is NC Pre-K?

NC Pre-K is a public program designed to provide high-quality educational experiences to enhance school readiness for eligible four-year-old children. There is no charge to the family for this service. NC Pre-K operates on the public school calendar, and is available in a number of different locations across the community including public school settings, private childcare facilities, and Head Start sites.

How do I know if my child is eligible to participate in NC Pre-K?

- Your child must be four-years old on or before August 31, 2017.
- Your family gross income is at or below 75% of the State Median Income (SMI).
- Your child is a military dependent of an active duty service member or a military service member that has been seriously injured or killed while active duty military.
- Additional eligibility criteria include risk factors in specific categories including developmental disability, Limited English Proficiency (LEP), educational need, or chronic health conditions. Documentation must be provided in order to offer placement to a child based on the additional eligibility criteria.

Although a child may meet one or more eligibility factors, placement is not guaranteed in a NC Pre-K classroom.

Important Notes

- Applications must include all required documentation to be considered “**complete**”. See the last page of the application for the documentation checklist.
- If your child is offered placement in a NC Pre-K classroom, you will be notified by mail and given the opportunity to accept or decline placement.
- Your child must have a completed health assessment within the first 30 days of attendance.
- Families are responsible for providing transportation if transportation is not available at the site your child is placed.
- In the application, you have the opportunity to list your top four preferred NC Pre-K sites. A list of the sites is provided on the following page. Placement is not guaranteed, and there is a possibility your child may be offered placement in a site different from your preferred selection.

Who do I contact for additional information about NC Pre-K?

The NC Pre-K Program is administered by the NC Department of Health and Human Services under the Division of Child Development and Early Education, Early Education Unit.

Contact Cumberland County's local NC Pre-K Contract Administrator for more information at:
