“Children are the living messages we send to a time we will not see.”
~John W. Whitehead, “The Stealing of America”

Child Maltreatment Prevention

Impact Areas

Build the Capacity of Parents and Prevention Partners to Understand, Deliver, Evaluate and Advocate

Cultivate Beneficial Prevention-Focused Partnerships to Create Shared Language, Efficiency and Reach

Framework for Action

This framework is designed as a tool to guide strategic thinking about resource investments to prevent child maltreatment and promote child well-being. As this tool is used collectively across the community, the resulting alignment of strategies will maximize the impact on shared outcomes

Parent Engagement

- Parent Cafés Conversations
- Resource Fairs

Community Engagement

- Speaker Bureau
- Participate in “Bringing Protective Factors to Life in Your Work” Training
- Participate in “Community Based Resiliency Model “Training
- Become a Partner in Prevention (PIP)
- Host Resilience: The Biology of Stress & the Science of Hope Movie

Data and Research Team

- PFC Family Needs Assessment
- Community Response and Priority Referral
- State of Child and Family Report Card

Optimal Child Development

- Increase Social and Emotional Competence of Children

Increased Family Strengths

- Build Parental Resilience
- Increase Knowledge Of Parenting And Of Child And Youth Development
- Build Concrete Support in Time of Need
- Broaden Social Networks

Responsive Service System

- Wilder Inventory Scale
- Overall Child Well-Being Ranking in 1st Quartile
- Child Maltreatment Reduction

Overarching Outcomes
