I.	Meeting called to Order	Cotina Jones called the meeting to order at 1:02 p.m. and thanked everyone for coming.	Called to Order	
II.	Review of Minutes	The Planning and Evaluation (P&E) Committee meeting minutes of February 8, 2022, were reviewed and unanimously approved as presented.	Motion for approval submitted by Carl Mitchell, seconded by Amy Cannon, and unanimously approved.	None

III. Planning, Monitoring and Evaluation

Pamela Federline provided an overview of the following topics:

- **A.** All Children Excel (ACE) CAD Change: The program had a significant decline in referrals and participation due to Covid. Program review indicated some issues following model fidelity. The CAD will remain the same with the additional wording of "...and/or other programs such as Triple P may be implemented." Triple P may not be the exact program implemented due to staff not finishing training, but the program may also explore other similar programs. The CAD will remain the same for this fiscal year and the change will occur beginning July 1, 2022.
- **B. Circle of Parents (COP) Program Termination:** During a program review and subsequent Formal Site Visit, a determination was made that the program was not following model fidelity, the family enrollment was low for the target population of children birth to five, their fiscal soundness is in question, and the program was not participating in outreach activities that would help sustain the program. Therefore, the decision was made to terminate the program. Carl Mitchell questioned whether or not hiring more people would help stabilize the program. Pamela Federline explained that they were fully staffed before the significant decline in numbers and were still not meeting their obligations pursuant to the CAD and that parents were not participating as they had been previously. The other issue is that the program model may not be suited to families of children birth to five. Suggestions had been made to the program by PFCCC as to how to broaden their population, but the program did not utilize the suggestions, even when a CAD change was made authorizing the expanded population.
- C. City of Fayetteville ARPA Approval: The City of Fayetteville approached PFCCC about potentially funding health insurance for child care workers in Census Tract 11 using federal ARPA funds. Due to the expense and potentially fewer number of people served, it was decided to consider other options. After review with consultants and City staff, a suggestion was made to offer signing and retention bonuses to workers at child care sites in the City's lower income census tracts. Initial review indicated there are approximately 288 people that would potentially be eligible, but would likely be higher given an expected update to the facilities in these tracts since the last mapping completed by the City. The City earmarked \$1 million for the program. Marie Lilly advised that she and Carole Mangum were working on the draft that will be presented to the City.
- **D.** Hunt Institute local data-informed strategic planning training application: The application to participate was submitted last Thursday. The Hunt Institute provides a structured data-informed strategic planning process in collaboration with local partners to include data beyond PFCCC. We hope to hear by the end of the week as to the outcome of the application. The project will coincide with our efforts with MOSAIC to update GEMS to include a data mart that will enable us to use data from other agencies to help focus on the priorities for children ages birth to five.

ACE CAD change: Motion for approval made by Amy Cannon, seconded by Carl Mitchell and unanimously approved.

AGENDA ITEM	DISCUSSION & RECOMMENDATION	ACTION	FOLLOW-UP
	<b>E. ASA Update</b> : Carry-over of activities from the current year to next fiscal year are under review. The Circle of Parents program will be terminated as discussed previously. We will be meeting with programs to review ASA components to complete their cards for review and approval by NCPC.		
	<b>F. Mosic/GEMS update</b> : Updating the subsidy module continues. We have a meeting with Mosiac on April 13, 2022. The process will hopefully eliminate the need for dual entry between fiscal and GEMS to both create efficiency and reduce errors.		
	<b>G. Monitoring Visits</b> : We are working on wrapping up the Formal Site Visits asnd will continue to provide updates. Currently, we have Formal Site Visits remaining for Consumer Ed, the Library, and NC Pre-K.		
	<b>H. Federal Grant Monitoring</b> : Marie Lilly provided information regarding two federal grants provided by NCPC for which PFCCC will be monitored, including the PDG Family Connects and Child Care Health Consultant grants.		
IV. President's Report	Pamela Federline read through the report. The information was provided as an attachment in the package.		
V. Information	Sustainability Update: Scottie Seawell was not present to provide an update, but there has been a team built to ascertain what areas to concentrate on first. The group is currently in the process of reviewing these matters. The Hunt Institute initiative noted earlier is also expected to be part of the Sustainability Plan process.		
VI. Meeting Adjourned	Cotina adjourned the meeting at 1:46 p.m. The next P&E meeting will be June 14, 2022, at 1:00 p.m.	None	Heather Gallagher will send invitations.

Approval: Based on committee	consensus, the minutes of the above-stated meeting a	are hereby approved as presented and/or corrected.
	Committee Chair	Date
<b>Submittal</b> : The minutes of the a	above-stated meeting are submitted for approval.

## Board of Directors Meeting (Hybrid Meeting) Thursday, July 28, 2022 President's Report

## A. North Carolina Partnership for Children (NCPC) Updates / DCDEE Updates / Legislative Updates

#### 1. NCPC

- NCPC FY 23 contract has been executed. Preparing DSP subcontracts.
- **Budget passed.** Administrative rate increased from 8% to 9% aggregate. Any budget changes will be done in amendments.
- Programmatic Monitoring has been completed. Fiscal Monitoring in process and will be completed by September 30.
- Cost Principles FY 22/23 and FAQs
- Penalty for not meeting Cash/In-Kind match has been waived. It is still crucial to document all donations to go towards the state aggregate. We are finalizing the final year-end reporting.
- State Expansion of Child Care Health Consultants The amendment on the Expansion grant for the No Cost extension through September 30, 2022 has been executed.
- PDG Grant for Regional Pilots for Family Connects 4C has filled their nurse vacancy. PFC has posted the new Program Support Specialist position. Recruitment began on site at the hospital beginning May 23. Home visits began in person the week of June 2. Eligible births\* are those from Cumberland, Hoke and Robeson Counties. We continue to review data for potential scaling up of the pilot and are having preliminary discussions with additional hospitals. Conversations are focused on potential hospitals and counties in our region. Updated budgets were submitted for a potential Year 3 of funding and are awaiting news of approval.

#### 2. DCDEE

• Child care programs continue to be impacted by the ability to hire staff in child care programs. While numbers of slots continue to be down, there has been some recovery. Continue to monitor program staffing and closures.

- Child care programs continue to follow the March 7, 2022 ChildCareStrongNC Public Health Toolkit. (https://covid19.ncdhhs.gov/media/220/download).
- The State of Emergency will be lifted August 15. All licensing requirements are back to pre-pandemic standards and applicable during monitoring visits by the DCDEE Consultants. Under the State of Emergency, education requirements had been modified and programs were under a hold harmless status. These requirements will go back into place under specified timelines. Child care programs will have 6 months after the end of the State of Emergency to meet pre-pandemic staffing requirements.
- NC Pre-K FY 23 contract has been executed.
  - a. Subcontracts with providers are in development.
  - b. The new state budget included an additional 7% to the 2% rate increases for the biennium for private sites. These are to go to teacher salaries. In addition, there was a 5% rate increase for public schools and Head Starts participating in NC Pre-K.
  - c. Teacher Assistants must now hold a Child Development Associate (CDA) credential or be working on at least an Associate's Degree in Birth-Kindergarten or related Early Childhood fields. (New Rule Change effective April 1, 2022) There is some flexibility for this requirement for the next two years in the 2022-2023 Additional Guidance for NC Pre-K Programs. Through the state partnership with Teaching Strategies, the CDA coursework will be offered for free through Quorum Training for NC Pre-K staff. More information on what that entails will be forthcoming from DCDEE.
  - d. Waiting for approval of plan and guidance from DCDEE on the \$20M for NC Pre-K start-up, quality and capital expenses.
- **Approved Stabilization Grants (November 1, 2021)**: The last payments will occur January 2023 for January April 2023.
- Parent fees for subsidy resumed July 2022.
- 3. NC General Assembly Budget passed and signed by Governor.
  - Reallocated a portion of federal ARPA funding for child care subsidy assistance to increase child care subsidy reimbursement rates to the 2018 market rate level. Temporary these funds will expire in September of 2024.
  - Aligned state requirement for criminal background checks for prospective child care providers with federal block grant requirements, which is a background check every 5 years rather than every 3 years.
  - Provided additional pathways for the Early Childhood Credential to include a CDA or other recognized ECE Credentialing into the bill (H159). Also directed the Community College system to design a test that would be an equivalency for a lead teacher requirement to teach in a licensed child care program in NC.
- 4. The NC Supreme Court will hear oral arguments beginning August 31st regarding the court order to fully fund the Leandro Plan.
- 5. Federal Level
  - Moderna and Pfizer vaccines approved for children 6 months 4 years. Vaccines are available through local health departments, a number of pediatrician's offices and may be available in pharmacies for children 3 years and older. The Cumberland County Health Department is conducting several vaccine clinics in August for required school vaccinations as well as COVID vaccines.
  - An additional COVID vaccine has been approved Novavax COVID-19 vaccine for adults ages 18 and older.

#### B. Grant Opportunities/Updates/RFPs

- 1. Continue to research capital grant opportunities. Had an initial call with the Cannon Foundation and will be submitting an inquiry request for the infrastructure project for Phase 3.
- 2. The City of Fayetteville's CDBG proposal Received notice of award approved by City Council June 7, 2022. City staff conducted a site visit July 27 as part of the award process. Next steps involve additional review processes along with specific RFP requirements. The timeline is such that this award will go toward Phase 3 of the project and most likely into the next fiscal year.

3. City of Fayetteville ARPA funding – continue to be in conversation with city staff and consultant on proposal to support the child care workforce. The contract agreement has been received and is under review. Anticipate a signed agreement early August.

### C. COVID-19 Updates

We continue to monitor updates on COVID-19 in relationship to federal, state and local health and safety guidelines, key COVID metrics and impacts on staff and building operations. The building has been fully operational since January 3, 2022. We continue to provide enhanced cleaning, hand sanitizer stations and masks upon request. The Governor announced that the NC State of Emergency will be lifted August 15.

#### PROGRAM DESCRIPTION

The Child Care WAGE\$® Program is an education-based salary supplement program for teachers, directors and family child care home providers. The education, position and work schedule for each applicant are assessed to determine the annual award. To encourage consistency, installments based on half of the annual award are issued after each six-month period the participant completes in the same early care and education program. Because these supplements reward teacher education and continuity of care, children ages birth to five benefit from more stable relationships with better educated teachers. WAGE\$ provides compensation that helps build quality. In FY22, WAGE\$ was a funding partnership between Smart Start and the North Carolina Division of Child Development and Early Education (DCDEE).
